POOL MANAGEMENT SYSTEM

SURECHLOR 4000™

It's more than just a salt chlorinator. Much more!

DOMESTIC AND COMMERCIAL

Surechlor 4000™

With the new, intelligent SURECHLOR 4000™, you've got a Pool Management System to protect your pool equipment and prepare you for whatever the future may bring...

The SURECHLOR 4000™ puts you in control!

The beauty of the SURECHLOR 4000™ is its built-in protection features – unique 'Neva Run Dry' Pump, Dry Cell Protection, and automatic Low Salt Detection. The 4000 was vigorously developed and tested over a 3-year trial to ensure that it lives up to our expectations and your demands. It works! And what's more, it's programmable for future innovations and functions. This salt water unit is smart and that's why we call it a Pool Management System – a System for today – and into the future.

- Australian designed and made
- Simple to use menu control via LCD display
- Reverse Polarity for self cleaning of cell
- Summer and winter modes for easy time clock changes
- Three programmable run time modes
- Time display and adjustable chlorine output
- Super chlorinate mode with 12 hour countdown timer
- Salt test function
- Manual pump mode
- Real time clock with battery backup
